A Note About Debts

By law, any money you owe to the State and other agencies must be deducted from your refund or credit before it is issued. Debts include: money you owe for past-due taxes, student loans, child support due the Friend of the Court, an Internal Revenue Service (IRS) levy, money due a State agency, a court-ordered garnishment, or other court orders. Taxpayers who are married, filing jointly, may receive an *Income Allocation to Non-Obligated Spouse* (Form 743) after the return is filed. Completing and filing this form may limit the portion of the refund that can be applied to a debt. If Treasury applies all or part of your refund to any of these debts, you will receive a letter of explanation.

Mailing Label

Review the label on the back cover of this booklet. If your name and address are correct and your filing status is the same as last year (single, married filing jointly, or married filing separately), place the label on the top of page 1 of your tax return. It is important that you place your label in the space provided. If the information on your label is not correct, do not use the label. Enter the correct information on your return.

DHS/FIP Benefits Worksheet

If you received Family Independence Program (FIP) assistance or other Department of Human Services (DHS) benefits in 2010, you will need to complete the FIP/DHS Benefits Worksheet on page 8. Carry the amount from your Worksheet to line 30 on your MI-1040CR-2.

Completing Your Forms

Review your claim and make sure it is complete. Check for the following **common errors** that may delay your refund:

- Using a mailing label with incorrect information
- Illegible writing
- Transposing numbers in the Social Security number
- Entering figures on the wrong lines
- Computation errors
- Filling in the lines if they do not apply to you or if the amount is zero
- Omitting the taxable value of your homestead
- Omitting the school district code
- Failing to report total household income from all sources, both taxable and nontaxable, on the property tax credit claim
- Leaving the FIP blank (line 24), entering the wrong amount of FIP assistance, or entering the household income subtotal on this line
- Reporting two years of property taxes or special assessments
- Filing multiple returns for the same tax year. Do not staple multiple year returns together
- Filing only one page of the form (the MI-1040CR-2 is a two page form, both pages must be filed).

Where to Mail Your Claim

Mail your claim to:

Michigan Department of Treasury
Lansing, MI 48956

Do not mail your 2010 claim in the same envelope with a claim for any other tax year or the processing of your 2010 claim will be delayed. Mail your 2010 claim in a separate envelope. **Do not staple** claims together.

General Information About the Homestead Property Tax Credit

This booklet is intended as a guide to help you complete your claim; it does not take the place of the law. If you are required to file a *Michigan Individual Income Tax Return* (MI-1040), file your credit claim with it.

A *Homestead Property Tax Credit Claim for Veterans and Blind People* (MI-1040CR-2) is included in this booklet. If you qualify based on the information below, complete this form and the *Homestead Property Tax Credit Claim* (MI-1040CR). File the form that gives you the larger credit.

The request for your Social Security number(s) is authorized under United States Code (USC) Section 42. Social Security numbers are used by Treasury to conduct matches against benefit income provided by the Social Security Administration and other sources to verify the accuracy of the home heating and property tax credit

claims filed and to deter fraudulent filing(s).

Who May Claim a Property Tax Credit

You may claim a property tax credit if all of the following apply:

- You were a Michigan resident at least six months of 2010.
- Your homestead is located in Michigan.
- You pay property taxes or rent on your Michigan homestead.

You can have only one homestead at a time and you must be the occupant as well as the owner or renter. Your homestead can be a rented apartment or a mobile home on a lot in a mobile home park. A vacation home or income property is not considered your homestead.

Your homestead is in your state of domicile. Domicile is the place where you have your permanent home. It is the place to which you plan to return whenever you go away. Even if you spend the winter in a southern state, your domicile is still Michigan. College students and others whose permanent homes are not in Michigan are not Michigan residents. Domicile continues until you establish a new permanent home.

Who May File the MI-1040CR-2

You may file MI-1040CR-2 if you are:

- Blind and own your homestead
- A veteran with a service-connected disability or veteran's surviving spouse
- A surviving spouse of a veteran deceased in service

- Active military, pensioned veteran or his or her surviving spouse whose household income is less than \$7,500
- A surviving spouse of a nondisabled or nonpensioned veteran of the Korean War, World War II, or World War I whose household income is less than \$7,500.

If you are blind and rent your homestead, claim your credit on MI-1040CR as a totally and permanently disabled person. See page 2 if you need the MI-1040CR.

Household Income Limits

Household income cannot be more than \$7,500 for some military personnel. See line 6 on MI-1040CR-2 for more information. If your income is over the limit for MI-1040CR-2, you may qualify for a credit using MI-1040CR.

Taxpayers with household income over \$82,650 are **not** eligible for a credit in any category. The computed credit (line 11) is reduced by 10 percent for every \$1,000 (or part of \$1,000) that household income exceeds \$73,650. If filing a part-year return, you must annualize your income to determine if the income limitation applies. See instructions for annualizing on page 9.

Property Tax Credit Limits

If you own your home, your credit is based on the 2010 property taxes levied on your home, the taxable value of your homestead, and the allowance for your filing category. See Table 2 on page 10 for your allowance. If you do not know the taxable value of your homestead, contact your local treasurer.

If you rent your home, your credit depends on how much rent you pay, an allowance for your filing category, and the millage rate on the rented property. The millage rate is the total millage levied by your city or township, county, and school district. If you do not know the rate, contact your local treasurer.

Your credit cannot be more than \$1,200.

When to File

If you do not have to file a 2010 *Michigan Individual Income Tax Return* (MI-1040), you may file your credit claim as soon as you know your

household income and property taxes levied in 2010. If you are required to file a Michigan income tax return, your credit claim should be attached to your tax return and filed by April 18, 2011, to be considered timely. The deadline for claiming a refund is April 20, 2015.

Delaying Payment of Your Property Taxes

Senior citizens, disabled people, veterans, surviving spouses of veterans, and farmers may be able to delay paying property taxes. Contact your local or county treasurer for more information about delaying payment of your property taxes.

Household Income

Household income is the total income (taxable and nontaxable) of both spouses or of a single person maintaining a household. It is your AGI, plus all income exempt or excluded from AGI. Include gains realized on the sale of your residence regardless of your age or whether or not these gains are exempt from federal income tax. See instructions on page 7. All unemployment and forgiveness of debt must be included.

Household income includes the following items not listed on the form:

- Compensation for damages to character or for personal injury or sickness
- An inheritance (except an inheritance from your spouse)
- Proceeds of a life insurance policy paid on the death of the insured (except benefits from a policy on your spouse)
- Death benefits paid by or on behalf of an employer
- The value over \$300 in gifts of cash or merchandise received, or expenses paid on your behalf (rent, taxes, utilities, food, medical care, etc.) by parents, relatives, or friends
- Minister's housing allowance
- Scholarship, stipend, grant, or GI bill benefits and payments made directly to an educational institution
- Forgiveness of debt, even if excluded from AGI (e.g., mortgage foreclosure, etc.)
- Reimbursement from dependent care and/or medical care spending accounts

- Payments made on your behalf except government payments made directly to an educational institution or subsidized housing project.

Household income does NOT include:

- Payments received by participants in the foster grandparent or senior companion program
- Energy assistance grants
- Government payments to a third party (e.g., a doctor)

Note: If payment is made from money withheld from your benefit, the payment is part of household income. (For example, the DHS may pay your rent directly to the landlord.)

- Money received from a government unit to repair or improve your homestead
- Surplus food or food assistance program benefits
- State and city income tax refunds and homestead property tax credits
- Chore service payments (these payments are income to the provider of the service)
- The first \$300 from gambling, bingo, lottery, awards, or prizes
- The first \$300 in gifts of cash or merchandise received, or expenses paid on your behalf (rent, taxes, utilities, food, medical care, etc.) by parents, relatives or friends
- Amounts deducted from Social Security or Railroad Retirement benefits for Medicare premiums
- Life, health, and accident insurance premiums paid by your employer.
- Loan proceeds
- Inheritance **from a spouse**
- Life insurance benefits **from a spouse**
- Payments from a long-term care policy made to a nursing home or other care facility.

For more information on Household Income, visit www.michigan.gov/taxhouseholdincome.

Property Taxes That Can Be Claimed for Credit

Ad valorem property taxes levied on your homestead in 2010, including collection fees up to 1 percent of the taxes, can be claimed no matter when you pay them. You may add to your 2010 taxes the amount of property

taxes billed in 2010 from a corrected or supplemental tax bill. You must deduct from your 2010 property taxes any refund of property taxes received in 2010 that was a result of a corrected tax bill from a previous year.

Do not include:

- Delinquent property taxes (e.g., 2009 property taxes paid in 2010)
- Penalty and interest on late payment of property tax
- Delinquent water or sewer bills
- Property taxes on cottages or second homes
- Association dues on your property
- Most special assessments for drains, sewers, and roads do not meet specific tests and may not be included. You may include special assessments only if they are levied using a uniform millage rate, are based on taxable value, and are either levied in the entire taxing jurisdiction or they are used to provide police, fire, or advanced life support services and are levied township-wide, except for all or a portion of a village.

Note: School operating taxes are generally only levied on the non-homestead portion of the property and may not be included in taxes levied when computing the property tax credit on any portion of the home not used as your homestead.

Home used for business. If you use part of your home for business, you can claim the property taxes on the living area of your homestead but **not** the property taxes on the portion used for your business.

Owner-occupied duplexes. When both units are equal, you are limited to 50 percent of the tax on both units, after subtracting the school operating taxes from the total taxes billed.

Owner-occupied income property. Apartment building and duplex owners who live in one of the units or single-family homeowners who rent a room(s) to a tenant(s) must do two calculations to figure the tax they can claim and base their credit on the **lower** amount. First, subtract 20 percent of the rent collected from the tax claimed for credit. Second, reduce the tax claimed for credit by the amount of tax claimed as rental expense on your U.S. Form 1040.

Example: Your home has an upstairs apartment that is rented to a tenant for \$395 a month. Total property taxes on your home are \$2,150. Of this amount, \$858 is claimed as rental expense. The calculations are as follows:

Step 1:

$\$395 \times 12 = \$4,740$ annual rent
 $\$4,740 \times 0.20 = \948 taxes attributable to the apartment

$\$2,150$ eligible taxes - $\$948 =$
 $\$1,202$ taxes attributable to owner's homestead

Step 2:

$\$2,150$ total taxes - $\$858$ taxes claimed as a business deduction = $\$1,292$ taxes attributable to homestead

Step 3:

The owner's taxes that can be claimed for credit are \$1,202, the smaller of the two computations.

Farmers. Include farmland taxes in your property tax credit claim if any of the following conditions apply:

- If your gross receipts from farming are greater than your household income, you can claim all of your farmland taxes including taxes on unoccupied farmland. Do **not** include taxes on farmland that is not adjacent or contiguous to your home and that you rent or lease to another person.
- If gross receipts from farming are less than your household income and you have lived in your home **more** than ten years, you can claim the taxes on your home and the farmland adjacent and contiguous to your home.
- If gross receipts from farming are less than your household income and you have lived in your home **less** than ten years, you may claim the taxes on your home and the five acres of farmland adjacent and contiguous to your home.

You may **not** claim **rent paid** for vacant farmland when computing your property tax credit claim.

Include any farmland preservation tax credit in your household income. Enter the amount of credit you received in 2010 on line 18 or include it in net farm income on line 16.

Homestead property tax credits are **not** included in household income. If you included this amount in your taxable farm income, subtract it from household income.

Rent That Can Be Claimed for Credit

You must be under a lease or rental contract to claim rent for credit. In most cases, 20 percent of rent paid is considered property tax that can be claimed for credit. The following are exceptions:

- If you rent or lease housing that is subject to a **service charge or fees paid** instead of property taxes, you may claim a credit based upon 10 percent of the gross rent paid.
- If your housing is **exempt** from property tax and no service fee is paid, you are **not** eligible for credit. This includes university- or college-owned housing.
- If your **housing costs are subsidized**, base your claim on the amount **you** pay. Do **not** include the federal subsidy amount.
- If you are a **mobile home park resident**, claim the \$3 per month specific tax plus 20 percent of the balance of rent paid.
- If you are a **cooperative housing corporation resident member**, claim your share of the property taxes on the building. If you live in a cooperative where residents pay rent on the land under the building, you may also claim 20 percent of that land rent. (Do **not** take 20 percent of your total monthly payment.)
- When you pay **room and board in one fee**, you must also determine your tax to claim for credit based on square footage.

Example: You pay \$750 a month for room and board. You occupy 600 square feet of a 62,000 square foot apartment building. The landlord pays \$54,000 in taxes per year. If you pay room and board in separate billings, you must base your property tax credit on rent.

Step 1: $600/62,000 = 0.0097$

Step 2: $\$54,000 \times 0.0097 = \524 taxes you can claim for credit.

Amending Your Claim

File a new claim form and write "Amended" across the top of the form. You must do this within four years of the due date of your original income tax return.

If You Moved in 2010

Residents who temporarily lived outside Michigan may qualify for a credit if Michigan remained their state of domicile. Personal belongings and furnishings must have remained in the Michigan homestead **and** the homestead must **not** have been rented or sublet during the temporary absence. (See the definition of domicile on page 3.)

If you bought or sold your home or moved during 2010, you must prorate your taxes. Complete lines 31 through 41 to determine taxes that can be claimed for credit. Use only the taxes levied in 2010 on each Michigan homestead, then prorate those taxes based on the days of occupancy. Do **not** include taxes on out-of-state property.

Married During 2010

Complete lines 31 through 41 to prorate taxes for the period of time each spouse occupied his or her home. Complete lines 42 through 53 if one spouse rented part of the year. Combine each spouse's share of taxes or rent for the period of time he or she lived in separate homesteads. Then add the prorated share of taxes or rent for the time you lived together in your marital home. Write "Married in 2010" and the date of your marriage next to line 41. This applies only to homes located in Michigan and to couples who married during 2010.

Part-year Residents

If you lived in Michigan at least six months during the year, you may be entitled to a partial credit. You must include all income received while a Michigan resident in household income. Complete lines 31 through 41 to determine the taxes eligible to be claimed for credit on your Michigan homestead. See page 19 of the MI-1040 booklet.

Residents of Nursing Homes and Other Adult Care Homes

If you are a resident of a nursing home, adult foster care home, or home for the aged, file MI-1040CR to obtain the maximum credit you are entitled to. The form and instructions for filing are in the *2010 Michigan Individual Income Tax Forms and Instructions* booklet. To obtain the booklet, see page 2.

Deceased Claimant's Credit

The estate of a taxpayer who died in 2010 (or 2011 before filing a claim) may be entitled to a credit for 2010. The surviving spouse, other authorized claimant, or personal representative can claim this credit. Use the deceased taxpayer's Social Security number and the personal representative's address. If taxpayer died after December 31, 2009, enter the date of death in the "Deceased Taxpayers" box on the bottom of MI-1040CR-2, page 2.

The **surviving spouse** may file a joint claim with the deceased. Enter both names and Social Security numbers on the form, and write "DECD" after the deceased's name. Sign the return and write "filing as surviving spouse" in the deceased's signature block. Enter the date of death in the "Deceased Taxpayers" box on the bottom of page 2. Include the deceased's income in household income. See the "Deceased Taxpayer Chart of Examples," page 10, example A.

If filing as a **personal representative** or **claimant** to the refund of a single deceased taxpayer, you must attach U.S. Form 1310 or *Michigan Claim for Refund Due a Deceased Taxpayer* (MI-1310). Enter the deceased's name in the Filer's Name fields and the representative's or claimant's name and title in the Spouse's Name fields. See the "Deceased Taxpayer Chart of Examples," page 10, examples B or C. A claimant must prorate to the date of death as noted in the following paragraph.

The **personal representative** or **claimant** claiming a credit for a single deceased person or on a jointly filed credit if both filers became deceased during the 2010 tax year must prorate taxes to the date of death. Complete lines 33 through 41 to prorate the property taxes or lines 42 through 53 if taxpayer paid rent. Annualize household income. (See the instructions for line 30 on page 8.) Attach a copy of the tax bills or rent receipts. If filing as a **personal representative** or **claimant** of a deceased taxpayer(s) for a **jointly** filed return, you must attach a U.S. Form 1310 or MI-1310. Enter the names of the deceased persons in the Filer's and Spouse's Name fields

and the representative's or claimant's name, title, and address in the Home Address field. See "Deceased Taxpayer Chart of Examples," page 10, examples D or E.

Separated and Filing a Joint Return With Your Spouse

Your claim must be based on the tax or rent for 12 months on only one home. The household income must be the combined income of both spouses for the entire year.

Filing Separate Federal and State Returns and Maintaining Separate Homesteads

You may each claim a credit. Each credit is based on the individual taxes or rent and individual income for each person.

Separated or Divorced in 2010

Figure your credit based on the taxes you paid together before your separation plus taxes you paid individually after your separation. Attach a schedule showing your computation.

Example: Bob and Susan separated on October 2, 2010. The annual taxes on the home they owned were \$1,860. Susan continued to live in the home, and Bob moved to an apartment on October 2 and paid \$350 per month rent for the rest of the year. Susan earned \$20,000 and Bob earned \$25,000. They lived together for 274 days.

Step 1: Calculate the prorated income for each spouse for the 274 days they lived together. Divide each spouse's total income by 365 days, then multiply that figure by 274.

Susan (\$20,000/365) x 274 = \$15,014
Bob (\$25,000/365) x 274 = \$18,767

Step 2: Add both prorated incomes together to determine the total income for the time they lived together.

\$15,014 + \$18,767 = \$33,781

Step 3: Divide each individual's prorated share of income by the total income from Step 2 to determine the percentage of income attributable to each.

Susan \$15,014/\$33,781 = 44%
Bob \$18,767/\$33,781 = 56%

Step 4: Calculate the prorated taxes eligible for credit for the time they lived together. Divide the \$1,860 by 365 days, then multiply by 274 days.

$$(\$1,860/365) \times 274 = \$1,396$$

Step 5: Calculate each individual's share of the prorated taxes. Multiply the \$1,396 by the percentages determined in Step 3.

Susan $\$1,396 \times 44\% = \614

Bob $\$1,396 \times 56\% = \782

Enter these amounts on line 36, column A, of your MI-1040CR-2. Then complete lines 37 through 40.

Susan uses lines 33 through 40, column B, to determine her share of taxes for the remaining 91 days. Bob uses lines 42 through 52 to determine his share of rent. Each completes the remaining lines of the MI-1040CR-2 or MI-1040CR according to the form instructions.

Married, Filing Separately

Spouses who file separate Michigan income tax returns and share a household are entitled to only one property tax credit. Complete the property tax credit claim jointly and include income from both spouses in

household income. Divide the credit as you wish. If each spouse claims a portion of the credit, attach a copy of the claim showing each spouse's share of the credit to each income tax return. Enter your portion of the credit on line 24 of MI-1040.

Single Adults Sharing a Home

When two or more single adults share a home, each may file a credit claim if each has contracted to pay rent or owns a share of the home. Each adult should file an individual claim based on his or her household income and prorated share of taxes or rent paid.

Line-by-Line Instructions for MI-1040CR-2

Lines not listed are explained on the form.

Lines 1, 2, and 3: Enter your name(s), address, and Social Security number(s). If you are married filing separate claims, enter both Social Security numbers but do **not** enter your spouse's name.

Line 4: See pages 15 and 16.

Line 5: If you and your spouse had a different residency status, check the box that applies to each spouse in 2010.

Line 6: Enter the percent of disability as determined by the Veteran Administration.

Property Tax and Household Income

If you bought or sold your home or if you are a part-year resident, go to line 31 of MI-1040CR-2. Renters, go to line 42 of MI-1040CR-2.

Include all taxable and nontaxable income you and your spouse received in 2010. If your family lived in Michigan and one spouse earned wages outside Michigan, include the income earned out-of-state in your household income. (See "Who May Claim a Property Tax Credit" on page 3 and "Household Income" on page 4.)

Line 8: If you own your homestead, enter the taxable value of your homestead from your 2010 property tax statement or assessment notice. If

you do not know your taxable value, ask your local treasurer. Farmers should include the taxable value on all land that qualifies for this credit.

If you rent your homestead, you must complete Part 2 to determine the taxable value of your homestead. You will need to know the total millage rate levied by your city or township. If you do not know the rate, contact your local treasurer.

Line 9: Read "Property Taxes That Can Be Claimed for Credit" on page 4 before you complete this line.

Line 10: Divide your taxable value allowance by the taxable value of your home to determine your percentage of tax relief (can not exceed 100%). See example on page 10.

Line 12: Enter all compensation received as an employee. Include strike pay, supplemental unemployment benefits (SUB pay), sick pay, or long-term disability benefits, including income protection insurance and any other amounts reported to you on Form W-2.

Line 14: Enter the total of the amounts from your U.S. *Schedule C* (business income or loss), U.S. Form 4797 (other gain or loss), and U.S. *Schedule E* (rents, royalties, partnerships, S corporations, estates, and trusts). Include amounts from sources outside Michigan. **Attach these schedules to your claim.**

Line 15: Enter all annuity, retirement pension, and IRA benefits and the name of the payer. This should be the taxable amount shown on your U.S. Form 1099-R. If no taxable amount is shown on your U.S. Form 1099-R, use the amount required to be included in AGI. Enter zero if all of your distribution is from your contributions made with income previously included in AGI. Include reimbursement payments such as an increase in a pension to pay for Medicare charges. Also include the total amount of any lump sum distribution including amounts reported on your U.S. Form 4972. Do not include recoveries of after-tax contributions or amounts rolled over into another plan (amounts rolled over into a Roth IRA must be included to the extent included in AGI).

You must include any part of a distribution from a Roth IRA that exceeds your total contributions to the Roth IRA regardless of whether this amount is included in AGI. Assume that all contributions to the Roth IRA are withdrawn first. **Note:** Losses from Roth IRAs cannot be deducted.

Line 16: Enter the amount from U.S. *Schedule F* (farm income or loss). Attach *Schedule F*.

Line 17: Enter net capital gains and losses. This is the total of short- and long-term gains, less short- and

long-term losses from your U.S. *Schedule 1040D*, line 16 (for gains) or line 21 (for losses--cannot exceed \$3,000). Include gains realized on the sale of your residence regardless of your age or whether or not these gains are exempt from federal income tax.

Line 18: Enter alimony received and other taxable income. Describe other taxable income. This includes:

- Awards, prizes, lottery, bingo, and other gambling winnings over \$300.
- Farmland Preservation Tax Credits if not included in net farm income on line 16.
- Forgiveness of debt to the extent included in federal AGI (e.g., mortgage foreclosure).

Line 19: Enter your Social Security, Supplemental Security Income (SSI), and/or Railroad Retirement benefits. Include death benefits and amounts received for minor children or other dependent adults who live with you. Report the amount actually received. Medicare premiums reported on your Social Security or Railroad Retirement statement should be deducted.

Line 20: Enter child support and all care payments received as a foster parent. **Note:** If you received a *2010 Custodial Party End of Year Statement* (FEN-851) showing child support payments paid to the Friend of the Court, enter the child support portion here and attach a copy of the statement. Also see line 24.

Line 21: Enter all unemployment compensation received in 2010.

Line 22: Enter other nontaxable income. This includes:

- The value over \$300 in gifts of cash, merchandise, or expenses paid on your behalf (rent, taxes, utilities, food, medical care, etc.) from parents, relatives, or friends
- Forgiveness of debt, even if excluded from AGI (e.g., mortgage foreclosure, etc.)
- Scholarship, stipend, grant, or GI bill benefits and payments made directly to an educational institution.

For more information, see the Household Income instructions on page 4.

Line 23: Enter service-connected disability compensation and

pension benefits from the Veterans Administration and workers' compensation benefits. Veterans receiving retirement benefits should enter the benefits on line 15.

Line 24: Enter the total payments made to your household by the DHS and all other public assistance payments. Your *2010 Client Annual Statement* (DHS-1241) mailed by DHS in January 2010 will show your total DHS payments. Your statement(s) may include the following: FIP assistance, State Disability Assistance (SDA), Refugee Assistance, Repatriate Assistance, and vendor payments for shelter, heat, and utilities. **Note:** If you received a 2010 FEN-851, subtract the amount of child support payments entered on line 20 from the total DHS payments and enter the difference here.

Line 26: Enter total adjustments from your U.S. Form *1040*, line 36, or U.S. Form *1040A*, line 20. Describe the individual adjustments to income taken on the federal forms.

Also enter the amount of a net operating loss (NOL) deduction. **Note:** A deduction for a carryback or carryforward of an NOL cannot exceed federal modified taxable income. Attach a copy of your MI-1045 (or U.S. Form *1045* if you did not file an MI-1045).

Line 27: Enter health insurance premiums, Health Maintenance Organization (HMO) premiums, or other insurance premiums paid for yourself and your family. Include the following: medical insurance premiums, dental insurance premiums, vision insurance premiums, prescription drug plan premiums, and automobile insurance premiums (medical care portion only).

Do **not** include any insurance premiums deducted on line 26, amounts paid for income protection insurance (long term disability);

long-term care insurance, or amounts paid by an employer with pre-tax payroll contributions.

Line 29: Household Income is used only to compute your credit. Taxpayers with household income over \$82,650 are **not** eligible for a credit in any category.

Credit Proration for FIP/DHS Benefit Recipients

If you received FIP assistance or other DHS benefits in 2010, prorate your credit to reflect the ratio of income from other sources to your total household income. Do not include amounts paid directly to the landowner on your behalf by a government agency. To prorate your credit, complete your MI-1040CR-2, lines 1 through 29 first, then use the information from your MI-1040CR-2 to complete the worksheet below.

FIP/DHS Benefits Worksheet

- A. Amount from line 24
(FIP and other DHS benefits) _____
- B. Amount from line 29
(Household Income) _____
- C. Subtract line A from line B (if
amount is negative, enter zero) _____
- D. Divide line C by line B
and enter percentage here _____
- E. Amount from line 11
(maximum \$1,200) _____
- F. Multiply line E by line D.

**Enter here and carry amount
to MI-1040CR-2, line 30** _____

Your Credit

Line 30: Enter the amount below that applies to you (maximum \$1,200).

- FIP and DHS recipients, enter amount from the worksheet above.
- Taxpayers who have household income over \$82,650 are **not** eligible for a credit in any category. The computed credit (line 11) is reduced by 10 percent for every \$1,000 (or part of \$1,000) that your household income exceeds \$73,650. If you are filing a part-year return (for a deceased taxpayer or a part-year resident), you must annualize the household income to determine if the credit reduction applies. If the annualized income is more than \$73,650, enter annualized income on line 29 of MI-1040CR-2. If the annualized household income is

\$73,650 or less, no reduction is necessary. Then use **actual** household income attributable to Michigan on line 29. A surviving spouse filing a joint claim does **not** have to annualize the deceased spouse's income.

TABLE 1 - HOMESTEAD PROPERTY TAX CREDIT PHASE OUT

Household Income	Percentage allowed for
\$73,651 - 74,650	90%
\$74,651 - 75,650	80%
\$75,651 - 76,650	70%
\$76,651 - 77,650	60%
\$77,651 - 78,650	50%
\$78,651 - 79,650	40%
\$79,651 - 80,650	30%
\$80,651 - 81,650	20%
\$81,651 - 82,650	10%
\$82,651 - above	0%

To annualize income (project what it would have been for a full year):

Step 1: Divide 365 by the number of days the claimant lived or was a Michigan resident in 2010.

Step 2: Multiply the answer from step 1 by the claimant's household income (line 29). The result is the annualized income.

Renters (Veterans Only)

See "Rent That Can Be Claimed for Credit" on page 5.

Line 42: If you rented a Michigan homestead subject to local property taxes, enter the street number and name, city, landlord's name and address, number of months rented, rent paid per month, and total rent paid. Do this for each Michigan homestead rented during 2010 and for each time rental amounts changed. If you need more space, attach an additional sheet. Do **not** include more than 12 months' rent. Do **not** include amounts paid

directly to the landowner on your behalf by a government agency, unless payment is made with money withheld from your benefit. If you pay lot rent on your mobile home, subtract the \$3 per month property tax from the total rental amount and claim the remaining rent on line 42. See "Married During 2010," page 5.

IMPORTANT: If you rented your Michigan homestead(s) for the entire year, complete lines 42 through 46. If you rented your Michigan homestead(s) for part of the year, complete lines 42 through 53.

Direct Deposit

First check with your financial institution to:

- Ensure it will accept Direct Deposit
- Obtain the correct Routing Transit Number (RTN) and Account Number
- If applicable, verify that it will allow a joint refund to be deposited into an individual account.

Direct Deposit requests associated with a foreign bank account are classified as International ACH Transactions (IAT). If your income tax refund Direct Deposit is forwarded or transferred to a bank account in a foreign country your Direct Deposit will be returned to Treasury. If this occurs, your refund will be converted to a check (warrant) and mailed to the address on your tax return. Contact your financial institution for questions regarding the status of your account.

a. Routing Transit Number. Enter the nine-digit RTN. The RTN is usually found between the symbols |: and |: on the bottom of your check (see check sample below). The first two digits must be 01 through 12 or 21 through 32.

b. Type of Account. Check the box for checking or savings.

c. Account Number. Enter your bank account number up to 17 characters (both numbers and letters). The account number is usually found immediately to the right of the RTN on the bottom of your check (see check sample below). Include hyphens but omit spaces and special symbols. Enter the number from left to right and leave unused boxes blank. Do not include the check number.

CREDIT COMPUTATION EXAMPLES

To calculate your credit, first divide the allowance from Table 2 above by the taxable value of your homestead. The result is a percentage (not to exceed 100%). Multiply this percentage by the property taxes levied on your homestead to arrive at your credit (maximum \$1,200).

Homeowner's Example: You are a 90 percent disabled veteran, age 66, with household income of \$20,000. Your home has a taxable value of \$15,000 and the property tax is \$750. As a disabled veteran your taxable value allowance (TVA) from Table 2 above is \$4,500. Compute the credit as follows:

$$\begin{aligned} &\$4,500 \text{ TVA (from Table 2)} / \$15,000 \\ &30\% \text{ refundable (0.30)} \\ &\$750 \text{ property taxes} \times 0.30 = \$225 \text{ credit} \end{aligned}$$

Renter's Example: The taxable value of the rented homestead is determined by multiplying your rent by 20 percent and dividing the result by the non-homestead

millage rate. For example, you are a pensioned veteran and rent your home for \$395 per month. Your local assessor tells you the non-homestead rate for your home is 56 mills (0.056 or \$56 for every \$1,000 of taxable value). Compute the credit as follows:

$$\begin{aligned} &\$395 \text{ monthly rent} \times 12 = \$4,740 \text{ yearly rent} \\ &\$4,740 \times 0.20 = \$948 \text{ taxes attributable to rent} \\ &\$948 / 0.056 \text{ (non-homestead rate)} = \$16,929 \text{ (taxable value)} \\ &\$3,500 \text{ TVA (from Table 2)} / \$16,929 \text{ (taxable value)} = \\ &20.67\% \text{ (0.2067) refundable} \\ &\$948 \text{ property taxes} \times 0.2067 = \$196 \text{ credit} \end{aligned}$$

Note:

- Blind people who rent their homestead do **not** qualify for credit on MI-1040CR-2 and should file as blind and permanently disabled persons on MI-1040CR.
- Contact your local assessor for the non-homestead rate.

Call your local assessor or treasurer if you do not know your school district name. **Nonresidents**, enter “10000” in the school district code box.
